

## San Francisco International Airport recommends AutoCASE

Excerpt from “SFO Terminal 1 BID Spec Document 00 73 87 article 1.03 page 1”

I. Contractor shall utilize BIM models with appropriate Revit module(s) (e.g. AutoCASE™) to develop a comprehensive business case (return on investment) analysis that includes data on external economic, social, and environmental costs and benefits adjusted for risk and uncertainty to equal value for money for sustainability impact value for the proposed Project design options and project component options, as described in the SFO Sustainable Planning Design and Construction Guidelines and Document 01 35 10: Sustainability Requirements.
